CEMENT FACTORY

Dust Coming out from Ammasandra Cement Factory

CHAIR

Announcement

Arrest and Release of Sri Kadasiddappa. 145

Observation

A member making a charge against another member based on paper reports must stand by it and take the responsibility. 368
Government reply should be emphatic, candid and clear; there should be no scope for presumption and guess work. 7
House is not concerned with Municipal Election results as they are party matters. 186
Humour and wit must be wiith the scope of the subject under discussion; if they are not, it will not uphold the dignity of the House. 276
Members have a right to say whatever they want to say but they cannot violate the dignity of the House. 152
Members who do not get a chance to speak should not cast aspersions against the Chair. 155.

Ruling

A member while speaking shall not use his right of speech for the purpose of obstructing the business of the Assembly. 158

Any decision given by the Chair should be obeyed but not questioned. 144
Members cannot raise internal administrative matters like the proceedings of any Municipal Corporation as they are statutory bodies. 435
There is no provision for zero hour in the Constitution and the Rules of Procedure. But by precedent, something has developed like a zero hour. All sorts of things cannot be raised during that hour. But things like calamities and tragedies by natural causes, acts of God, floods and famines, breach of peace, violence and fire accidents can be raised so that Government's attention can be immediately drawn to them and Government might attend to them. 103
When a matter is sub-judice, it should not be raised on the floor of the House for eliciting information. 144
When cases are sub-judice, there is no scope for seeking clarifications. 399

CHANDRASHEKAR, Sri GATTI
Demands for grants for 1973-74. 211

CHANDRASHEKAR, Sri S. M.
